

## LOCAL.

**ROADS muddy.**  
TELEGRAPH line down to-day.  
PANSIES and daisies are still in bloom.  
A CAR of vegetables went out on Tuesday's train.  
RAIN last night, and warm, cloudy and damp to-day.  
COAL is being offered at \$2.25 delivered on contract for the winter.  
P. L. McNAMARA, barrister, left on Friday's train on a visit to Calgary.  
STAFF SGT. BARRY of the mounted police, left for the south on Tuesday's train.  
A. HAMELIN and J. Ladouceur, traders of Lac la Biche, arrived on Tuesday night for goods.  
ALL the outside work of the fire hall is completed and the inside work is well advanced.  
THE ELECTRIC light poles are being placed along Fraser avenue to the new police barracks.  
THE Sturgeon river water mill began grinding on this season's wheat on October 15th, and still saws occasionally as well.  
S. S. TAYLOR and H. Ross returned from a deer hunt in the Beaver hills on Tuesday. They deserved but not to achieve success.  
THE ELECTRIC light which formerly was in front of Fielders' warehouse has been removed to the corner of Jasper avenue and First street.  
THE expert who is to test and start the new fire engine has not yet arrived and consequently the engine remains on the car at the station.  
JOS. LAROSE has sold out his water delivery business to S. Witmer and J. Grove, separately. Each purchaser has the route on which he formerly delivered.  
THE brick work of the second story of S.S. Taylor's brick building is going ahead rapidly. It is a race between the bricklayers and Jack Frost, with betting about even.  
J. H. PICARD, of Larue & Picard returned on Monday's train from a long trip to Chicago, Toronto, Montreal, New York and Boston. Travelling evidently agrees with him.  
THE case against Wellington Lee of St. Albert for selling liquor to Indians on Riviere Qui Barre reserve was still further adjourned on Monday last until to-day.  
CHECKS shooting is good this fall. Messrs. H. S. Young and C. Young killed 70 one day last week and Messrs. F. Marriaggi and T. H. Stephens made a good hunt to-day.  
E. RAYMER, A. H. Goodwin, Dr. Harrison and F. Marriaggi, went on a deer shooting-trip to Horse hill on Monday and were successful in getting one deer, shot by Mr. Raymer.  
THE Indian boy charged with stealing a coat from a Morinville settler last week was discharged from custody on Monday last, by Insp. Snyder at St. Albert as there was not sufficient evidence against him.  
THE funeral of the infant daughter of Mr. and Mrs. Fortin took place on Tuesday at St. Joachim's cemetery. The funeral services were conducted by Rev. L. Fonquet. There was a large attendance of friends of the bereaved parents.  
THOS. SECORD, a farmer near Emerson, Manitoba who arrived on Monday's train for prospecting for land, is so pleased with the Edmonton district that he will remove here first thing in the spring. He is a brother of R. and J. Secord of Edmonton.  
A BOAT was stolen from Moore & Macdonald's rafts on Saturday night last. The rafts came down the river in the evening and were tied up at Ross bar while the men came up town for their supper. When the men returned after supper the boat was gone. Someone evidently wanted a cheap trip to Battleford.  
MOORE & Macdonald had two rafts of timber come down on Saturday last and two other rafts on Monday. Another raft is stuck in shallow water on the way down. There is still a large amount of lumber at the mill which cannot be brought down this season owing to low water. John Kelly, manager of Moore & Macdonald, says that the water in the Saskatchewan has not been so low since 1883.  
A VOTE was taken at John Turner's residence on Stony Plain on Monday, October 24th, for the erection of Stony Plain public school district, comprising the following lots: 13, 14, 15, 16, 21, 22, 23, 24, 25, 26, 27, 28, 33, 34, 35 and 36, township 52, range 27 and sections 18, 19, 30 and 31, township 52, range 26. The vote was 16 against and 14 for. John McPherson, John and R. Brebner were elected trustees.  
COLLECTION was made last week in Edmonton by J. Gregg, station agent, on behalf of the Medicine hat hospital. A very good amount was realized. The question has been asked: Why contribute to a hospital far away when the need of a hospital at Edmonton is so great? Would it not be better to save our money for a hospital here? Would a hospital be needed at Edmonton? It would be a very good thing to have a hospital at present we have not one and the expense of establishing and supporting such an institution stands in our way. Certainly no hospital at all is better than a hospital poorly managed or insufficiently supported. Just as soon as we are able to establish and support such an institution we should have one, but not a moment sooner. In the meantime the hospital already existing in other places is our assistance. The Medicine Hat hospital was the first to be established in the west and it is no disparagement to say that it is the most completely equipped and best appointed in the Territories. It may be said that it is a railway hospital and as such has abundant resources and assistance outside the railway. It is a fortunate in having the support of the railway men in the Territories it is less a public hospital in the full sense of the word. Having the large class of equipment it is enabled to keep a first class institution in every way worthy of a generous support.

C. D. T. BROEHR returned from a visit to Banff and Macleod on Monday's train.  
MONDAY'S train brought in a car of oil, a car of hardware and five cars merchandise.  
PARISH'S new brick store, South Edmonton is nearly completed. The building is 60x26, two stories.  
R. J. HUTCHINGS of Hutchings & Riley, Calgary, visited Edmonton on Monday's train, and returned on Tuesday.  
THE "Soo" Pacific line gives a round trip rate of \$50 between St. Paul and San Francisco via Victoria. The single rate between Edmonton and Winnipeg remains \$44.  
An Ottawa telegram to the Winnipeg Tribune says: Minister Daly says the office of Indian Commissioner has been abolished and that Davis M. P. will not be appointed thereto.  
A PARTY of Swedish settlers from Massachusetts, arrived at Wetaskiwin on Monday's train and were met there by immigration agent Swanson who had come up the train before.

TRAIN three hours late leaving Calgary. It brings 2 cars merchandise, 1 car oil, 1 car hardware, 1 car groceries, 1 car beer and 2 cars stock.  
PUBLIC school entertainment to-morrow, Friday evening, in Robertson Hall, at 8 o'clock sharp. Music, readings, recitations and dialogues. As the programme is long the commencement will be sharp on time. Admission 25 cents. In aid of school library fund.  
THE first ball of the season was given last evening at Fort Saskatchewan by the non-commissioned officers and men of "G" Division N. W. M. Police. There was a good attendance especially considering the weather and roads and a very enjoyable evening was spent. The music was furnished by Sgt. Purches of St. Albert, and Messrs. Andrews, Clark and Michael of Edmonton.

## BY-LAW NO. 56.

A By-Law to provide for borrowing the sum of \$6,070 upon the credit of the Municipality. Whereas it is expedient that there should be raised by the Municipality of the town of Edmonton the sum of \$6,070 to enable the Municipality to pay certain amounts temporarily borrowed and expended for the following purpose that is to say:—Purchase of Chemical fire engine, \$1,691.55, purchase of hooks and ladders and other fire apparatus \$825.63, purchase of site for fire hall \$500.00, purchase of musical instruments for fire brigade band \$38.90, cost of construction of bridge over Rat Creek \$327.32, and cost of and incidental to land expropriated for the purpose of improving Jasper Avenue and Namayo Avenue \$1,567.90 amounting together to \$5,671.00 the interest whereon amounts to \$389 making the total of \$6,070.00.

And whereas the value of the rateable property in the Municipality, according to the last revised assessment roll is \$957,863.00. And whereas the amount of the existing debt of the Municipality, other than for current expenses, is \$22,499.26 (incurred in respect of local and permanent improvements) and \$524.74 for interest thereon making together \$23,024.10 whereof no part is in arrears.

And whereas it is expedient to borrow the said sum of \$6,070 by the issue of debentures, the principal whereof shall be payable within 10 years from the date upon which this By-law shall take effect and which shall bear interest in the meantime payable half yearly at the rate of five per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund. And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of \$6,070 by means of a sinking fund as aforesaid, and the interest thereon as aforesaid is \$755.08.

And whereas the annual special rate on the dollar on the rateable property in the Municipality according to the last revised assessment roll required to create the said equal yearly sinking fund for the paying of the principal is eighty-five one hundredths of a mill.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enacts as follows:

(1) This By-law is to take effect on the first day of November, 1893.  
(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the sum of \$6,070 and may issue debentures of the Municipality to that amount in sums of not less than \$100 each, and repayable within 10 years from the first day of November, 1893, with interest at the rate of five per cent per annum, payable half yearly; such debentures to be payable at the office of the Treasurer of the Municipality of the Town of Edmonton, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$6,070, a special rate of eighty-five one hundredths of a mill on the dollar, over and above all other rates and taxes shall be levied (in the same manner and at the same times as the general municipal taxes) upon the whole rateable property in the Municipality annually for the period of 10 years from the said first day of November, 1893, being the period during which the said debentures will run.

(4) Monday the 25th day of September, 1893, between the hours of 9 o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking the votes of the electors for and against this proposed by-law.

(5) A. G. Randall is hereby appointed returning officer to take the votes at the said time and place.  
(6) Monday the 25th day of September, 1893, at the hour of 10 o'clock in the afternoon at the town clerk's office, Edmonton, is hereby fixed as the time and place when and where the returning officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in council this 23th day of August, A.D., 1893.

JOHN A. McDUGALL, Acting Mayor.  
A. G. RANDALL, Clerk.  
Finally passed in Council this 27th day of September, A. D. 1893.

M. McCauley, Mayor.  
A. G. RANDALL, Clerk.

I hereby assent to By-Law No. 56 of the Municipality of the Town of Edmonton, providing for borrowing the sum of \$6,070.00 upon the credit of the Municipality.

(L. S.) J. ROYAL, Lieutenant Governor Northwest Territories.

Government House, Regina, 12th October, 1893.

## MINISTER FOSTER'S VISIT.

Hon. Geo. E. Foster, minister of finance, and party arrived on Monday's train in a private car. Besides the minister the party comprised Hon. J. A. Lougheed of Calgary, senator for Alberta, W. W. Macdonald, M. P. for East Assiniboia, N. Boyd, M. P. for Marquette, Manitoba and Leon Gerin, private secretary to minister Foster, and son of Antoine Gerin, at one time parliamentary librarian at Ottawa and a well known Quebec writer. Hon. A. R. Angus, minister of agriculture, did not accompany the party, having gone to Prince Albert from Regina to meet the people there. It was found impossible for both ministers in the limited time at their disposal to visit all points of interest together, so that while Mr. Angus went to Prince Albert, Mr. Foster came to Edmonton and both met at Calgary on Tuesday night. It was a part of the programme of Mr. Foster to hold a meeting in Edmonton on Monday night but owing to the train not reaching Edmonton until midnight that was impossible. By special request of the minister to Supt. Whyte the train was held over until 10 o'clock on Tuesday morning and this, had it been known in time would have permitted the party to visit the town and meet the citizens. But as everything was done so hastily there was no time to make arrangements, the first notice of the ministers coming having been received by Mayor McCauley on Monday morning. However, in accordance with the request made for an interview, Mayor McCauley and councillors McDougall and Gallagher and Messrs. F. Oliver and A. Prince, M. L. A.'s drove across the river to the station at 7 o'clock. The minister and his party were taken for a short drive to view the river and the town, but as the minister expressed a desire to give full time for any statements that it might be desired to lay before him, and as the ferry was running very slowly and the hills were slippery it was thought there was not time to cross the river and return without still further delaying the train or missing it altogether. The party expressed themselves as both surprised and delighted with the size, appearance and location of Edmonton and with the scenery of the Saskatchewan. Their enquiries as to coal mines were answered by a full view of the coal drifts of W. Humbertstone and S. Moran on the north side and their enquiries as to the growth of wheat in the district were answered by a sight of the Edmonton milling company's roller mill in South Edmonton, hard at work. Returning to the Hotel Edmonton, where a room was placed at their disposal by Mr. Sharples, the minister said he was ready to hear what ever was to be said regarding the government or its policy or the wants or wishes of this section of the country, at the same time remarking that his secretary Mr. Gerin would take down in short hand whatever was said. Mr. McCauley spoke first on the question of a bridge across the Saskatchewan. He did not know that it was necessary to produce arguments to show the necessity of a bridge now that the minister had seen for himself the situation and felt the disadvantage of there being no better communication between the larger part of the population of the district and the railway station. It was not so much a question of advantage to the town of Edmonton as it was to the whole district. The government engineers had estimated the cost of a traffic bridge at Edmonton at \$66,000. A bridge had been built by the government at Battleford that had cost \$34,000 and he was satisfied that more traffic crossed the Saskatchewan at Edmonton in a week than crossed the Battle river bridge in a year. The town was particularly interested in the matter because it had now a project in hand to connect the town with the railway station by means of an electric railway, in the successful operation of which a bridge would be of great advantage if not an actual necessity. There was a prospect of the opening of oil wells about 25 miles north of Edmonton in which the proposed electric railway might play an important part. It was of great interest to the town in view of the intention to construct an electric railway to know whether or not a bridge would be built. Mr. Foster asked regarding the prospects of oil being found in paying quantities and was told of Prof. Selwyn's visit and report. He said that the necessity of a bridge was evident and asked if the estimate spoken of by Mr. McCauley was for a wooden or for an iron bridge

and also whether it was for a traffic or combined railway and traffic bridge. Mr. McCauley replied that it was for a traffic bridge only, but had not been informed whether it was for a wooden or an iron bridge. From information he had gathered while in the east recently, however, he thought that an iron bridge could be built for that price. It would be very desirable to have a combined railway and traffic bridge but from what had occurred in the past it did not seem likely that the railway company would join in building a combined bridge. Asked as to the proportion of cost that the town was willing to bear he said that the town had offered to pay a third of the cost of a bridge but the offer had not been accepted and he did not now see why the town should bear any part of the cost of this bridge which would be for the benefit of the whole district as much as for that of the town or why Edmonton should do what no other town in the Northwest had been required to do, namely bear a part of the cost of what was a Dominion public work. Senator Lougheed spoke in favor of the bridge and elicited information regarding the number of people in the town and settlements north of the river and the volume of trade to the far north. Mr. Macdonald asked if the members of the assembly would be willing to assist a bridge with Territorial money appropriated for local public works. Messrs. Prince and Oliver replied that while they did not think the money required so urgently for local improvements should be withdrawn from those purposes to aid in a purely Dominion work, if that course was necessary to ensure the early construction of a bridge and would agree to it. Mr. Foster then asked a number of questions bearing on the tariff and on railway rates. He was particular about the price of coal, lumber, shingles, coal oil, barbed wire and farm machinery. He also made minute enquiries regarding the price of fruit produce. He was informed that coal was worth \$1.25 at the pit and \$2.50 delivered on the cars, common lumber \$15 to \$18 per thousand feet for native spruce and \$20 for British Columbia, siding \$26 to \$30, shingles \$2.75 to \$3, coal oil 50c a gallon and barbed wire 7c a pound. The price of binders was \$200 for the McCormick and the Massey-Harris, on time and \$175 for the latter cash. Last year the price of the Massey-Harris was \$210, binder twine was 12c to 16c according to quality but the patrons of industry imported some of the best this year for 12c. Sugar sold at 12 lbs of granulated for a dollar and 13 lbs of brown. In produce, potatoes sold for 30c, and Mr. Nash of South Edmonton said they were selling at 40c, butter 25c, eggs 35c, beef 2 1/2c a pound live weight, now and 3 1/2c last spring, for export to British Columbia. No bacon was exported although some 15,000 lbs was made last fall. The prices to the consumer were 16c for clear sides and 20c for breakfast bacon and hams. Mr. McCauley said that the high rates of freight over the C. P. R. were compelling him this year to deal in implements of United States make, as they could be brought in from the factories more cheaply by way of Lethbridge or Revelstoke than they could be from Ontario. Last year he had paid \$500 on a car of 48 buggies from Gananogue, and \$400 on a car of wagons. In regard to freight rates out it was pointed out that while a very low rate was given to Montreal it was only nominal, because even low as it was it was too high to admit of the shipment of coarse grains and vegetables to that market, while to British Columbia, which required everything that could be raised here, the rates were the same as to Montreal and consequently were almost prohibitory. To give Edmonton the same proportionate rate to Vancouver as was given Moose Jaw to Thunder Bay, the same distance, would add 5c to the value of every bushel of oats raised in the district, and would be a great incentive to the increase of production. The mail and passenger service on the C. & E. branch was also mentioned. Mr. Foster seemed to think that the evils at present complained of and which arose from increase of traffic on the railway would cure themselves. Allusion was also made to the possibility of increasing the representation of Alberta in the Dominion parliament, but the minister did not hold out any encouragement that it would be given until the general redistribution should take place. This point was pressed strongly by Senator Lougheed. Train time having arrived the interview necessarily closed, and the minister and party boarded the train which started south at ten o'clock.

From the proceedings which have taken place before the supreme court in the matter of the Manitoba school case it appears that the point in dispute is not that which was decided by the privy council, namely whether or not the Roman Catholics of Manitoba had

certain separate rights in educational matters at and previous to the transfer of the country to Canada which rights had been injuriously affected by the school legislation of Manitoba. The point now in question is: Did the legislation of the province regarding schools previous to the passing of the present public schools acts create vested rights which the legislature on the grounds of public policy should not be allowed to destroy?

## AT THE WORLD'S FAIR.

CANADIAN PAVILION,  
WORLD'S FAIR, October 17.

In view of the fact that no comprehensive account of the Northwest exhibit at the fair has yet appeared, the BULLETIN's readers will no doubt scan with interest a brief sketch of a visit to each department of the exposition in which the Territories are represented. At the outset it may be stated with perfect safety that no foreign country will receive more benefit from its exhibits at the World's fair than the Dominion of Canada, nor will any province or state have been more favorably advertised before the world than the Northwest Territories. To have created the best possible impression it might be claimed that Canada as a Dominion should have made one collective display of all her products. But under the rules of the fair this was not practicable, and we have therefore, in different buildings, nine separate Canadian exhibits as follows:

1. Agriculture.
2. Education.
3. Minerals.
4. Horticulture.
5. Forestry.
6. Manufactures.
7. Machinery.
8. Indians.
9. Art.

Live stock, having been shown at irregular intervals during the fair, is not included in this classification.

As agriculture is of the first importance to the Northwest I commenced with the agricultural palace, a building which is crowded with farmers and their wives and sons and daughters from early morning until dark. Here in a liberal space in the main aisle, between Great Britain and France, I found a splendid aggregation of exhibits, over which the welcome word "Canada," in gilt letters, shone conspicuously. Passing the excellent displays made by Ontario, Quebec and the experimental farms, the visitor steps into a beautiful pavilion constructed of grains and grasses, which a blue and gold banner overhead announces is the property of the "Canadian Northwest Territories," whose "staple product" is further announced to be "No. 1 hard," and where, as a long sign in front informs many thousands of sightseers, "Free Farms of 160 acres" can still be obtained. So excellent in quality are the Northwest grains, and so artistically displayed, that the attention of the passer-by is at once arrested. Thousands of ladies, on seeing the Northwest grain trophy, surmounted as it is by magnificent heads of buffalo, moose, elk, mountain sheep and prairie cattle, have stopped to exclaim: "Oh, isn't that lovely?" or "what a beautiful exhibit Canada has!" or "just look! That's Canada. Isn't it just fine!"

Hundreds of our best samples of Red life, white life, ladoga and prolific wheat, prize prolific and other varieties of barley, prize cluster and several other kinds of oats, with peas, beans, rye, flax, and tares are seen inside, in glass globes and bottles and in the straw, arranged in two large trophies. Each sample is labelled with the name and address of grower. A glance around the collection shows the following places represented: Broadview, Whitewood, Prince Albert, Moosomin, Duck lake, Yorkton, Wolsley, Moose Jaw, Red Deer, Regina, Indian Head, Sturgeon, Sintaluta, Edmonton, Saskatoon, Grenfell, Perley, Kinistino, Fort Qu'Appelle, Innisfil, Saulteaux, Qu'Appelle, St. Albert, Crescent lake, Stony Plain and Carrot River.

The sight of this exhibit has completely revolutionized Uncle Sam's ideas about Canada's western heritage. The clever young editor of the Canadian American, Mr. Jaffray, publishes a cartoon to-day which does justice to the case and is worth quoting here. Miss Canada is represented with arm raised, pointing to a long list of awards to Canadian exhibits and asking Uncle Sam if that doesn't open his eyes. Uncle Sam is holding one eye wide open with his fingers and exclaiming: "Great Scott, young woman! Isn't that wide enough for you?" Miss Canada: "Yes; but you will have to open the other eye just as wide before I leave Jackson Park." As the judges have not yet awarded the medals in the grain and other classes it is altogether likely that her poignant little boast will be fulfilled.

The single exhibit that causes most astonishment is a globe of red life wheat grown in the Peace River district 680 miles north of the United States frontier. In the rear of the Northwest section is a fine exhibit of soap from Calgary. Samples of wool from Indian Head, an immense buffalo robe valued at \$500. A very artistic Mexican saddle from the shop of Hutchings & Riley of Calgary. A full collection of stuffed Northwest game and wild animals. Samples of fine flour from various mills in the Territories, large photos and oil paintings of prairie grain fields, farm scenes and bunches of cattle and sheep are all objects of interest to the crowds of visitors who daily throng the Canadian court. In the middle of this scene Senator Perley may nearly always be

found eloquently impressing upon a group of Americans the advantages of the Northwest Territories. There is not the least doubt that he has turned the faces of scores of young Americans towards the Northwest, and that the Territories will profit materially through his efforts and those of the executive committee is beyond question. One has not to stay many minutes in this building before being convinced that the Canadian agricultural court attracts more attention than any of the States or foreign countries, the only regrettable feature being that Manitoba, Nova Scotia, New Brunswick and P. E. Island did not see fit to have their products represented here.

The roots and vegetables from the west are in the north end of the horticultural building. These also attract a great deal of attention. They are mainly from the experimental farms, and like the other agricultural products from these excellent institutions, are splendid samples. A considerable show is made by Wilfred Wilde, (south of Broadview) who was engaged by the Northwest government to raise a quantity of roots and vegetables specially for the occasion. The biggest attraction in this building is a mammoth squash from Ontario. It is ten feet in circumference, three feet seven inches high and weighs 426 pounds. It is one of the many biggest things in the world which the fair people have made a specialty of. In the fruit section the Northwest is represented by a large collection of wild fruits.

In a second letter I propose to describe the mining, educational and other sections

J. J. YOUNG.

Regina Leader: A man named Ringrose, who was threshing at Phessant Forks, met with a serious accident last Saturday. He was stepping across the cylinder, stumbled and was drawn into the machine. The machine was at once stopped, and on the man being released it was found that his right leg had been severely injured. Dr. Seymour, of Fort Qu'Appelle, was sent for, but the unfortunate man expired before the doctor arrived, as the distance was over 40 miles.

A Mrs. Smith, wife of a Morden, Manitoba, farmer, was burned to death last week. With others, she was fighting a prairie fire; her clothing ignited, and before her husband could render any assistance she had been so badly burned that death soon came to her relief.

Prince Albert Times, Oct 13: Monday evening last a heavy snow storm set in, and by Tuesday morning the ground was covered nearly a foot deep by the "beautiful." It is now rapidly disappearing.

The Calgary Herald reports that the sale of lands belonging to the Saskatchewan land and homestead company at Calgary on October 17th was not brisk.

Regina Standard: A farmer named Fitzsimmons, residing near Moosomin, committed suicide by firing a pistol bullet into his head last Friday morning.

News of the world by telegraph up to day of issue and from two to five days ahead of any other paper reaching Edmonton.

Controlled only by the proprietor and therefore always ready and willing to speak out for the good of the town and district.

THE BULLETIN is read more generally throughout the Edmonton district than any other paper.

If you want to do business in the Edmonton district you can reach more of the people with a less expenditure of money through the advertising columns of the BULLETIN than by any other means.

Fair advertising rates charged, and like rates to all parties.

No advertising of a questionable nature admitted if its character is known.

THE BULLETIN Printing office is second to none in the Territories. Only first-class type, machinery and paper employed. Printing of all kinds done promptly, neatly and cheaply. Call and see samples of work, and get prices before ordering your printing elsewhere.

A newspaper is not a producing industry, but if properly conducted it assists and stimulates production and progress more than any other single agency of like cost. Money spent towards the support of a newspaper is almost entirely spent within the town in which the paper is published and is therefore not lost to the business of the town.

The local newspaper represents the district in which it is published to the outside world.

Support your home paper liberally if it deserves support, so that it can give the best possible impression of your town and district as a field for immigration and investment.

There is big money for a new town in having a live and interesting paper.

#### TOWN COUNCIL.

Wednesday, October 26.

Communications were received from A. Cameron and G. D. Hamilton, applications for engineering. T. M. Daly, re Dominion land agent. Gutta Percha & Rubber manufacturing company, order from J. D. Ronald. J. C. Andrews, re assessment. G. R. F. Kirkpatrick, re finances. J. D. Ronald, re fire appliances. J. A. Stewart, order from J. D. Ronald.

Finance Committee reported accounts as follows:

Jas. McDonald, board of works and tanks,	\$162.04
J. G. Cleland, board of works,	48.50
Jos. Grisenwaite, board of works,	4.00
J. D. Wilson, fire tanks,	5.50
J. McL. Peacock, board of works,	2.00
J. G. Looby, license commissioner,	3.00

McDonald—Strang moved the adoption of the report.

The license committee reported recommending that W. Humberstone be granted the lease of the ferries for another year at the same rental with the following alteration of the tariff: Loads of sand or stone to pay the same ferriage as double teams loaded or unloaded on condition that the corporation be allowed free the use of the ferry for the fire engine when required.

Gallagher—Sanderson—moved that the report of the license committee be adopted. By-laws 60, 61 and 62 were read three times and passed.

Ordered that the architects have plans and specifications of the fire hall and tanks ready for the use of the council at its next meeting.

McDonald—Strang—moved that the clerk be instructed to advertise in the Monetary Times and the Edmonton Bulletin for tenders for the 36,070 debentures to be received until the 30th of November next and that the debentures be issued in one bond. Strang—Sanderson—moved that J. C. Dewey of the Toronto Globe be instructed to carry out his offer as made in his telegram to the mayor and send 100 copies of the paper to the town for distribution, and further that a photograph of the fire hall be inserted.

Sanderson—Goodridge—moved that the council sit as a court of revision for the hearing of appeals against the frontage tax assessment.

Goodridge—Gallagher—moved that there being no appeals in respect of the frontage tax assessment the assessment be confirmed.

Prince Albert Times: Many farmers in the neighborhood of our town complain of the way in which sportsmen from the town conduct themselves while duck hunting through the country. They pull down fences and drive through fields where grain is stacked, without taking the trouble to put the fence back in position, thus leaving the grain open to the numerous bands of cattle running through the country. This conduct, without a doubt, is contemptible, and leaves the parties doing so open to a suit for damages, which some of them complaining threaten to enter if the practice is not stopped at once.

#### HOMESTEAD REGULATIONS.

All even numbered sections excepting 8 and 26 are open for homestead entry (100 acres) by any person sole head of a family, or any male over the age of 15 years.

#### ENTRY.

Entry may be made personally at the local land office for the district in which the land to be taken is situated or at the homestead office, or may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, be made by a settler or some one to be named by the intending settler near the local office to make the entry for him. Entry fee \$10, or if cancelled land \$20.

#### DUTIES.

Under the present law homestead duties may be performed in three ways, to be decided on making entry.

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for three years next to two miles of the homestead and actual residence for 3 months in a habitable house next prior to application for patent. Ten acres must be broken the first year after entry, 15 acres additional in the second and 15 in the third year; 10 acres to be in crop the second year, and 25 acres the third year.

3. A settler may reside anywhere for the first two years, in the first year breaking 5 acres, in the second cropping, sowing and breaking additional 10 acres building a habitable house. The entry is forfeited if residence is not commenced at the expiration of 2 years from date of entry. Thereafter the settler must reside upon and cultivate the homestead for at least six months in each year for three years.

#### APPLICATION FOR PATENT.

may be made before the local agent, or any homestead inspector.

Six Months' Notice Must be Given in Writing to the Commissioner of Dominion Lands by a Settler of his intention prior to Making Application for Patent.

PRE-EMPTIONS are by law abolished, and may not be entered for land after the 1st of June, 1890.

A Second Homestead, may be taken by anyone who has performed the duties to entitle him to a certificate of recommendation for the first homestead on or prior to the second day of June, 1889.

Forfeited or cancelled Pre-Emptions may be taken as second homesteads.

All communications having reference to lands under control of the Dominion Government, lying between the eastern boundary of Manitoba and the Pacific Coast should be addressed to:
